

Table One at the Tiverton Hotel

*Outside the wind was cold and strong
So we hurried indoors at a run
Reception was bright and the smiles were broad
We were heading for Table One*

*Straight through the lounge, with a nod at the bar
But of drinks we wanted none
So into the dining room we went
and headed for Table One*

*The Welcome from Jane was warm and true,
The good times just begun
With menu in hand we ordered wine
Then sat at Table One*

*Pate to start with soup for "S"
And a roll (or little bun)
There's nowhere to beat the Tiverton Hotel
Especially Table One.*

*The main course now and fish for me
Which of course was perfectly done,
It was beef for "S" and we ate with zest
Our meal at Table One*

*The talk seemed to flag about half way through
But we weren't going to be outdone
So we loosened our belts and finished the course
There at Table One*

*The question now, can we manage a sweet
And my Sweet said (pardon the pun!)
That cheese and biscuits is all we should have
So they brought some to Table One*

*Replete and full we sat back in our chairs
And "S" said we'd put on a ton
But we weren't going to whine with a meal so divine
And taken at Table One*

With the kind permission of Mr Paul Cox
